

CONTROL FLOW

LOOP, BREAK, CONTINUE

The background of the slide is a light gray gradient. In the top-left and bottom-right corners, there are several realistic water droplets of various sizes, rendered with soft shadows and highlights to give them a three-dimensional appearance.

EXAMPLE

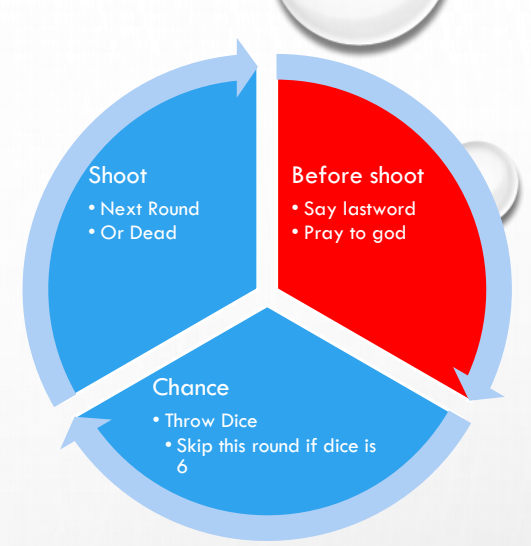

RUSSIAN ROULETTE

RULE

CODE

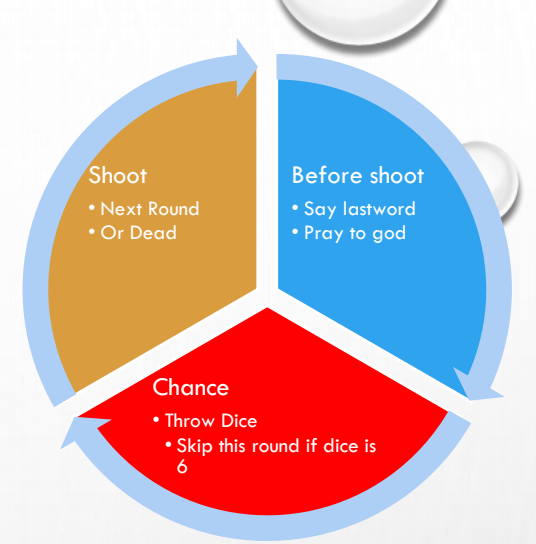

```
print("Round:", i)
lastword = input("Say your lastword:")
print("Pray")
```

CODE

```
dice = random.randint(1,6)
print("Dice:", dice)
```

```
if dice == 6:
    print("You are so lucky! Skip this round.")
    print("Start the next round immediately. >> continue")
    continue
```

CODE

```
print("Shoot!")
```

```
if i == bullet:
```

```
    print("Say good bye to the world! BOOM!!!")
```

```
    print("You don't need to play anymore :)")
```

```
    print("Your lastword is:", lastword)
```

```
    break
```

```
print("You are still alive.")
```

```
print("Be happy for 1 second.")
```
